School Performance History

School Year	Index Score/ Star Rating
2017-2018	16.5 ★
2016-2017	37 ★★

Alternative Student Groups

What does my school rating mean?

Two-Star school: Identifies a school that has **partially met** the state's standard for performance. Students and subgroups often meet expectations for academic performance or growth but may have multiple areas that require improvement. Areas requiring significant improvement are uncommon. The school must submit an improvement plan that identifies supports tailored to subgroups and indicators that are below standard.

How are school star ratings determined?

Schools receive points based on student performance across various Indicators and Measures. These points are totaled and divided by the points possible to produce an index score from 1-100. This index score is associated with a one- to five-star school rating.

How are star ratings determined based on total index score?

Below 27	★
At or above 27 but less than 50	★★
At or above 50 and less than 67	★★★
At or above 67 and less than 84	★★★★
At or above 84	★★★★★

CSI designation: This school is one of the lowest performing schools in the state. CSI schools cannot receive more than a two-star rating in the year they are first designated. See the CSI designation report for more information.

2018-2019 School Performance

Academic Achievement Indicator

Measure	School Rate	District Rate
Pooled Proficiency	29.6	42.1

Climate Survey Participation	100	N/A

Climate Survey Participation is not a point-earning measure.

Academic Achievement

Academic Achievement is a measure of student performance based on a single administration of the State assessment. Cut scores are set that determine the achievement level needed to be proficient on the assessment. Student Proficiency is determined by calculating the percent of students in the school who met (Level 3) and exceed standards (Level 4) on the Smarter Balanced, Nevada Science, and Nevada Alternate assessments. Points are earned based on a pooled average (total number of students proficient on all three assessments divided by total number of students taking all three assessments). Schools need to have ten records in the “all students” group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

% Proficient**

The Measure of Academic Progress (MAP) is administered to students in Kindergarten through the 3rd grade and is a measure of progress toward the goal of reading proficiency by the 3rd grade. The information below represents the performance of students on this assessment. Students scoring above the 40th percentile have a higher likelihood of achieving reading proficiency by the 3rd grade. For this assessment, student growth above 60 is considered above average (green), growth from 41 through 60 (including 60) is considered typical (white), and growth at or below 40 is considered below average (red).

Grade Level	Percent Above the 40 th Percentile	Student Growth Score
2nd Grade	39.7	41
1st Grade	48.5	47
Kindergarten	50	52

Academic Achievement

Participation on State Assessments

At least 95% of all students and 95% of students in each subgroup must participate in the state Math and ELA assessments. Any group or subgroup that does not meet 95% participation on each assessment will be flagged. In the first year of flags, a school will receive a “participation warning” but will have no points deducted. A second consecutive year of flags will result in a school receiving a “participation penalty” and points will be deducted from the Academic Achievement Indicator, based upon the number of flags. Subsequent consecutive years of flags will result in points deducted. Note that the same subgroups do not need to be flagged each year to receive warnings/penalties. Only Math and ELA assessments impact participation warnings/penalties.

Participation Penalty: 0

Yellow indicates 95% participation requirement not met.

Student Growth

Student growth is a measure of performance on the state assessments over time.

- Student Growth Percentile (SGP) is a measure of student achievement over time and compares the achievement over time and compares the achievement of similar subgroups of students from one test administration to the next. An SGP from 35 to 65 is considered typical growth.
- Median Growth Percentile (MGP) is a summary of the SGPs in a school. A school's MGP is determined by rank ordering all the SGPs in the school from the lowest to highest and finding the median or middle number.
- Adequate Growth Percentile (AGP) describes the amount of growth a student needs to remain or become proficient on the state assessment in three years. This is the minimum SGP a student must meet or exceed to be on track to target.

Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

English Language

English Language Proficiency is a measure of English Learners (ELs) achieving English Language proficiency on the state English Language Proficiency assessment, WIDA. The NSPF includes Adequate Growth Percentiles (AGPs) to determine if ELs are meeting the goal toward English Language proficiency. Students meeting their growth targets should be on track to become English proficient and exit English language status in five years. Schools need to have ten records in the EL subgroup to receive points. Any school with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

English Language Points Earned: 10/2

% English Learners Meeting AGP on WIDA

For additional information, please see <https://ngma.bighorn.doe.nv.gov/nvgrowthmodel/>.

Closing Opportunity Gaps

Closing Opportunity Gaps is a measure of non-proficiency. This measure includes students who were non-proficient on the previous year's state assessment and determines if those students in the current assessment administration succeeded in meeting their Adequate Growth Percentile target. Schools need to have ten records in the "all students" group to receive points. Any subgroup with an assessed population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

Student Engagement

Chronic absenteeism is a measure of Student Engagement. Research shows that attendance is tied to student achievement. Chronic absenteeism is defined as missing 10 percent, or more, of school days for any reason, including excused, unexcused, or disciplinary absences. Students who are absent due to school-sponsored activities are not considered absent for the purposes of this calculation. Schools that reduce their chronic absenteeism rate by 10 percent or more over the prior year may receive incentive points up to the maximum points possible. Schools need to have ten records in the "all students" group to receive points. Any subgroup with a population less than ten will not be reported on the given Measures. Only students who have been enrolled at the school at least half the year will be included in the Measures in this Indicator.

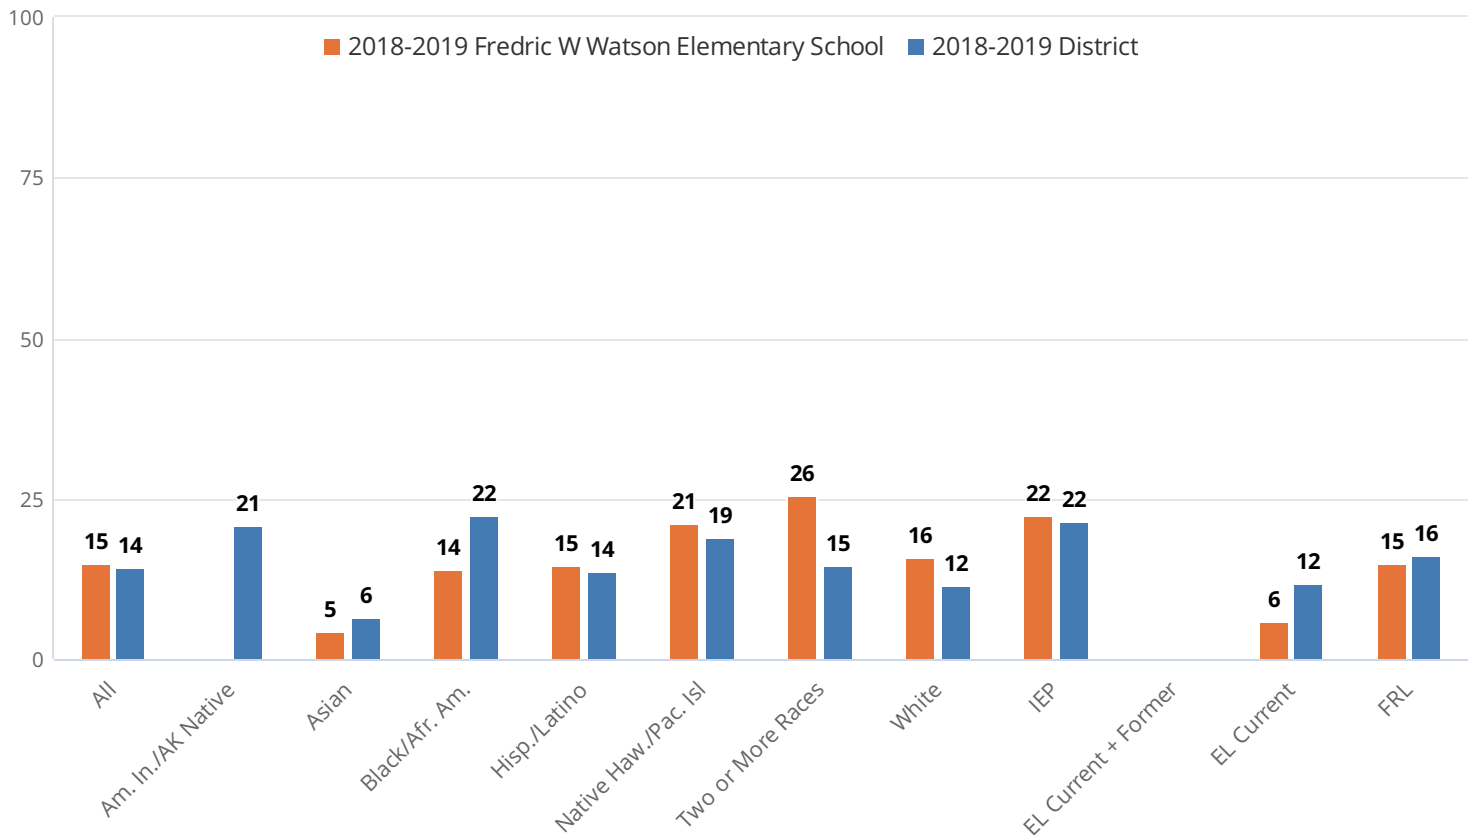

Chronic Absenteeism

School Designation	NSPF Designation Year	Exit Evaluation
CSI	2017-2018	Summer 2022

What is a Comprehensive Support and Improvement (CSI) Designation?

Schools with a CSI designation meet the following criteria:

- Among the lowest-performing rated schools (bottom 5th percentile of adjusted NSPF index scores)
- One-star rated school
- High schools with a four-year adjusted cohort graduation rate below 67% (rating not needed) or
- School that did not exit a Targeted Support and Improvement (TSI) and/or Additional Targeted Support and Improvement (ATSI) Designation after a three-year improvement plan.

A school designated as CSI cannot be classified higher than a two-star school in the designation year--the year the school is first designated. A school designated as CSI must work with their LEA to develop a plan to exit the CSI designation within three years. The plan must be approved by NDE. The school is evaluated for exit at the end of this three year period.

Why did this school receive a CSI Designation?

CSI Criteria Met in Designation Year	One-Star School
---	------------------------

What is required for exit from the CSI Designation and how is the school progressing toward exit?

To exit a CSI designation, a school must achieve a three-star rating and have sustained improvement in index scores over the most recent three years of their identification. CSI schools must also meet both CSI and TSI exit criteria to exit from the CSI designation.

The table below displays the school's progress toward achieving exit from CSI. In "Improvement Year 3", the school must have met the exit criteria outlined above to exit the CSI Designation.

Criteria	Designation Year	Improvement Year 1	Improvement Year 2	Improvement Year 3
Star Rating	1	2	TBD	TBD
Index Score	16.5	46	TBD	TBD
TSI Criteria Met	N/A	N/A	N/A	TBD
Graduation Rate	N/A	N/A	N/A	N/A
